Covid-19 Policy Supplement

For the health and safety of our guests and staff, MST Adventures is limiting tour operations to only single-party groups. This will allow cohabitating and "quara-teaming or Pod" groups to book their tour and enjoy the outdoors without the risk of contact with additional groups, and allows our staff time to clean and sanitize the shuttle vehicle and equipment between each group.

The state of New Mexico and the New Mexico Department of Health (NMDOH) is requiring a 14-day quarantine for all out-of-state visitors. In compliance with this public health order, our tours will be limited to only New Mexico residents and out of state visitors who have completed the 14-day quarantine as required.

Tour guests are required to wear a mask during all non-paddling activities of the tour including greeting, instruction, and during the shuttle ride. Rental customers are required to wear a mask during their rental pick-up and drop-off.

We will continue to follow all guidelines as set forth by the NMDOH for operations, contact tracing, and reporting. As we progress through these difficult times our policy will continue to evolve, and change based on state mandated guidelines and recommendations.
